**Wolverhampton**  
Making it happen

Calling all construction companies and construction suppliers – this is your chance to speak to the housing decision-makers in Wolverhampton.

Wolverhampton City Council and Wolverhampton Homes are hosting this special event for potential contractors.

### Repair, maintenance and improvement

On the agenda will be the repair, maintenance and improvement of the City Council's housing portfolio for up to 15 years from April 2013.

Attendees will learn more about the main contract with a £37m anticipated spend for years one and two and the projected £15m for each subsequent year.

Those contractors that may not be able to tender for the main contract can learn about how any sub-contracting opportunities will be made available.

And the crucial employment issues of skills, training and apprenticeships will also be up for discussion on the day.

### Large scale programmes

Prospective suppliers who come to the Molineux Conference Centre on Monday 30 April can talk directly to the people managing the large scale maintenance and improvement programmes.

Plus, delegates will hear first-hand perspectives from the people at the heart of the work:

- Peter Bilson, Deputy Leader of Wolverhampton City Council
- Lesley Roberts, Chief Executive of Wolverhampton Homes
- Shaun Aldis, Director of Property Services at Wolverhampton Homes
- Jenny Long, Project Manager of Finditinwolverhampton

### Programme for the morning:

07:00am Arrival, breakfast and registration  
08:00am Presentations  
09:25am Q&A Session  
09:40am Networking  
11:30am Finish

Don't miss out on your chance to get involved with the future of housing in Wolverhampton. Book your free place today – you can book below or email [claire@finditinwolverhampton.co.uk](mailto:claire@finditinwolverhampton.co.uk) to reserve your free place.
